The Nursing Bag

The Nursing Bag must have the basic equipment, with supplemental items for specific procedures carried in the bag or separate containers. Basic items may include:

- Paper towels and hand towels are used for drying hands and creating an easy access to the facility’s environment from the “dirty” outside of the bag.
- A plastic bag for protection from the “dirty” outside of the bag.
- Personal Protective Equipment (PPE) for infection control.
- Antiseptic wipes are used as a disinfectant for cleaning items such as LPI caps.
- Paper or plastic bags are used for disposal of waste materials and re-processed supplies by the company.
- Thermometer with disposable sheath.
- Stethoscope, otoscope, ear speculum, tongue blower for assessing bowel movements.
- Syringe with needle and injection for medical procedures.
- Suctioning equipment with tube and diaphragm for suctioning equipment.
- Periwinkle for performing procedures on staff and patients.

Setting Up

The nursing bag is placed on a paper towel, towel, or a bed on a flat, open, and clean area. It should be near the sink and kept out of the reach of children and pets. The outside of the bag is considered “dirty”. The contents and supplies inside the bag should be changed often. Use the following steps:

1. Wash hands with soap and water.
2. Use alcohol-based hand sanitizer.
3. Use the nursing bag.
4. Change the bag at least every two hours.
5. Use gloves when handling contaminated items.
6. Use masks and eye protection.
7. Use gloves when handling contaminated items.

Important:

- If your artwork has dotted lines, they will not print.
- Dotted lines will not cut your artwork.
- Proofs are always shown in black. Your order will print in the color you choose.
- Please note that placement of artwork on your artwork does not depend on the Art Department, but on the Arts Department.
- Please note that proofs are an approximation of what the actual item and artwork will look like after production.
- IMPORTANT: IF YOU SEE ANY BOLD L'S OR 'S ON YOUR PROOF, IT IS SOLELY DUE TO THE PDF YOU ARE VIEWING. IT DOES NOT LOOK LIKE THAT ON OUR END, NOR WILL IT PRINT THAT WAY.
